TECHNICAL
PUSHING BOUNDARIES
ON EVENT TECHNOLOGY

Ensuring your key messages are clear and compelling.

There's no substitute for experience, and with more than 25 years in the business you can count on Staging Connections to deliver the best in technical production management. Our technical services team know how to convey your message through vision and sound in the most compelling way possible.

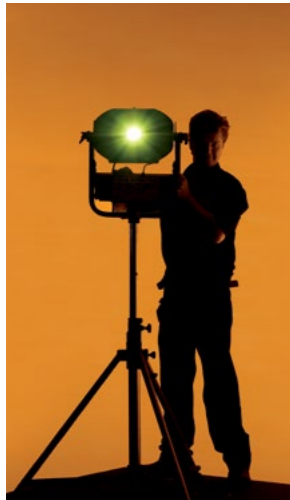

From creating the production timeline, operating and calling the show on the day, to projectors and screens through to rigging and drapes and the latest LED lighting systems, Staging Connections makes it happen.

TECHNICAL

TECHNICAL PRODUCTION • AUDIO • LIGHTING • VISION
VIDEO PRODUCTION • DRAPES & RIGGING • STAGING
CONFERENCING • MULTIMEDIA • VIDEO CONFERENCING

using the latest and greatest technology

Specialised Professional Production Management

Production timelines to cue sheets, logistics, installation and calling your show.

Audio

Systems for concerts, small meetings, exhibitions and everything in between.

Lighting

Static and moving lights, LED technology, lighting design programs and control equipment.

Vision

Projectors for boardrooms, screens, plasmas and LED, plus the latest in playback, edge blending, high definition technologies and 3D projection mapping.

Video Production

Video content, filming, editing, webcasting and post production to extend your event experience.

Drapes and Rigging

An extensive range of draping with rigging techniques customised to your event environment.

Staging

A complete range of staging equipment to create a breathtaking event.

Video Conferencing

Utilising the latest technology to connect audiences in different locations.

Conferencing

All the essentials to run your meeting or conference; laptops, whiteboards and communications equipment.

Multimedia

From simple PowerPoint and Keynote designs that reflect brand and message, to fully animated multi-screen motion graphic designs that provide visual stimulation and allow for full interaction with the messaging of the event.

OUR TECHNICAL PROFESSIONALS

THERE'S NO SUBSTITUTE FOR EXPERIENCE

Lee Robinson

Head of Production

With over 18 years experience in the audio visual corporate events industry, Lee has a remarkable wealth of knowledge.

Lee has held various technical and managerial positions across the United Kingdom, Europe, and the Middle East. Through this global experience Lee has adopted an intuitive approach to innovation and detail. Lee has executed all manner of successful events worldwide and brings a fresh resourcefulness style to our team.

Andrew Priddle

Technical Director

Andrew's extensive technical experience over the past 12 years has gained him the title of Technical Director. Commencing his employment with Staging Connections in 2007, Andrew has committed his high level of technical knowledge to ensuring that every event is delivered seamlessly.

Whilst Andrew is regarded as one of the most experienced Technicians in the Staging Connections group, his strengths also lie in managing a project from its initial phase through to its completion with outstanding results that exceed clients' expectations.

"This was quite the smoothest operation I have seen. All technicians did their bit faultlessly."

Judy Lane, Conference Director, International Bar Association.
