Alana Berryman
Stylist

I love set up day – getting in there and getting involved. Watching all the months of preparation come to life in the space of a few hours. It's incredible. The best event I worked on was a barn dance themed event in the Barossa valley. It was such a fun event which came together in every aspect. From hay bale seats to the BBQ dinner we had a real boot scooting time, set in the scene of the old dark winery with stone walls and rustic timber floors. People say I surprise them every day, and as a stylist, that's the best compliment I can get.
